

Isle of Axholme and North Nottinghamshire Water Level Management Board *Water Management Consortium*

LAND DRAINAGE OPERATIVE

Salary: £33,177.04 to £33,769.84

Full Time, Permanent

38 hours per week (plus overtime subject to workload)

Holidays - 23 days rising to 27 over five years

All bank holidays and three additional statutory days

NEST Pension Scheme.

A vacancy has arisen for a Land Drainage Operative to join our small team working across the Board's area, providing flood protection and water level management for our local communities. The role will be based predominantly at our Derrythorpe Depot but will involve working on site across the district.

Duties include:

- Watercourse maintenance – using tractor and flail
- General labouring
- Pumping station checks and general grounds maintenance
- Chainsaw and strimming operations
- Clearance of weed grids (mechanically and by hand)
- Piling and building of headwalls
- Fuel delivery

The ability to work on your own initiative in a responsible and safe manner is essential. A full driving licence is required.

The ideal candidate will have relevant experience, be familiar with the area and the work of an IDB, and experienced in the operation of plant and machinery such as a tractor and flail. NPTC chainsaw, strimming and spraying qualifications would be an advantage.

The Board also provides 24/7 emergency response and in the event of flooding or heavy rainfall, staff may be called upon to respond; this could involve working weekends and unsocial hours on occasion.

An application form and job description can be downloaded from the jobs page of our website.

Completed application forms should be returned to enquiries@lmdb.co.uk.

The closing date for applications is 30th November 2024.
